

A SAFE CHURCH FOR ALL PEOPLE

We want to provide a place where people can feel safe and be safe, particularly children.
It is our responsibility to keep all children safe while they are in our care.

So, we need parental feedback to help us
meet your child's needs.

01.

What are 2 things your child tells you they like about the program?

02.

Is there anything your child has spoken about not liking,
or are concerned about or wanting to change?

03.

Is there anything you'd like to add?

04.

Is there any information about staff, programs and activities, or processes
that you would like us to provide to you? If yes, please provide details.
