

THE GREAT RESTORATION PROJECT

TOOLBOX AND TOOL TEMPLATES

Included here are copies of the toolbox and tools that can be printed and used in worship and at home. There is both a colour, and black and white option, for you to choose what might suit your community.

You might also like to print these in a larger size, to use as up-front visuals, or you may like to use 'real' tools and a toolbox.

Instructions

1. Print pages, single sided in Colour (p2-5) or Black and White (p6-9) as desired.
2. Cut out toolbox, including white space under handle if possible.
2. Fold along black line, and staple or glue edges together to form your toolbox.
3. Each week, cut out the next tool, or tools, and add to your toolbox.
4. Use the prayer prompts in worship or Bible reflections to add prayers each week.
